PROFESSIONAL SUMMARY

As a highly skilled and versatile Full Stack Web Developer, I bring a comprehensive range of technical expertise and a proven track record in delivering exceptional web solutions. With a strong foundation in both front-end and back-end development, I excel in crafting innovative and user-centric websites that drive engagement and meet business objectives. My proficiency extends to various programming languages, frameworks, and CMS platforms, enabling me to adapt swiftly to evolving technologies and industry best practices. Alongside my technical prowess, I possess excellent problem-solving abilities and a keen eye for detail, ensuring the development of robust, scalable, and optimised web applications. Committed to continuous learning and staying abreast of emerging trends, I thrive in dynamic, collaborative environments where I can contribute my analytical thinking, strong communication skills, and a passion for creating exceptional digital experiences. With a proven ability to deliver projects on time and within budget, I am dedicated to exceeding client expectations and driving measurable results. Ready to leverage my expertise as a Full Stack Web Developer to empower organizations and contribute to their success in the rapidly evolving digital landscape.

WORK HISTORY

Events Coordinator   06/2021 - Current
Fresh Live - Southam, Warwickshire

- Collaborated closely with clients, utilising effective communication skills to assist in organising and planning their events, demonstrating exceptional client relationship management abilities.
- Provided valuable guidance on various aspects of the event, ensuring it met the highest standards and surpassed client expectations, showcasing expertise in event management and reinforcing the well-rounded skill set needed for a variety of successful events.
- Orchestrated seamless event setups, meticulously coordinating logistics such as stage truck arrangements, sound equipment setup, and musician connectivity, combining technical proficiency with event coordination skills.
- Efficiently handled basic accounting tasks using Xero, effectively managing financial records and contributing to smooth financial operations, underscoring the versatility and attention to detail integral to the responsibilities of a Full Stack Web Developer.

Business Development Officer   10/2019 - 06/2021
Warwickshire County Council - Warwick, Warwickshire

- Conducted thorough assessments to identify opportunities for enhancing operational efficiency, implementing streamlined accounting, administrative, and team management processes for both administrative and teaching personnel.
- Ensured the continuous improvement of our online presence by proficiently maintaining and updating our website through an intuitive

CMS platform, while consistently refreshing social media content, aligning with some of the responsibilities of a Full Stack Web Developer.
- Leveraged Paritor, a robust data management system, to effectively organise and maintain critical school, pupil, and invoicing information, demonstrating expertise in handling complex data systems.
- Actively participated in educational events that showcased the exceptional progress made by students in their music lessons, highlighting my dedication to promoting and representing the accomplishments of learners while complementing the skill set required for successful team work.
